

# CHAIN LUBE

*High quality product based on mineral oil, solvents and a dye. It is a sticky and water repellent lubricant with great penetrating capacity. A thin film protects the chain against wear and rust. The product penetrates and lubricates and is completely harmless to O-rings.*

## APPLICATIONS

*This universal lubricant is suitable for every imaginable application but is specific for the lubrication of chains, gear wheels and cables. It is also suitable for chains of motorcycles. The lubricant has good penetration into the chain and offers good adhesion, together with good water resistance.*

## FEATURES

*Stickyness : strong adhesive power.*

*Anti-wear and oxidation stability : adequate protection of systems.*
